

PID Pearls

Training of Trainers Course

A weekly webinar on Primary Immune Deficiency Diseases

Under the aegis of WHO-Collaborating Centre for Education, Research and Training in Pediatric Immunology, Pediatric Allergy Immunology Unit, Advanced Pediatrics Centre, PGIMER, Chandigarh, invites you to participate in a weekly webinar on Primary Immune Deficiency Diseases (PIDs). This program is targeted to enhance the understanding of PIDs among resident doctors, fellows, practicing clinicians, pathologists and researchers working in the field of Immunology. The program would include lectures and case discussions on various PIDs. Each session would be an amalgam of clinical perspectives, laboratory diagnosis and interesting cases.

There will be no registration fee. However, prior registration on a Google form is mandatory.

Kindly register using the link below:
